Kindness Makes the World Shine

Lyrics (1)

Hey, hey!
Come on, everybody!
Let's make the world shine!
With a little kindness!

A little smile can make someone's day,
A little hello can chase clouds away,
A helping hand when someone needs you,
A little kindness can shine right through!

If someone is lonely, come sit by their side,
If someone is worried, don't run and hide,
Listen and care, say, "I'm here with you,"
There are so many kind things we can do!

It doesn't take a lot,
It starts with what you've got,
A caring heart, a helping hand,
Let's spread kindness through the land!

Kindness makes the world shine,
Shine, shine, shine!
A little kindness, yours and mine,
Can make everything feel fine!

Kindness makes the world shine,
Shine, shine, shine!
When we care for one another,
The whole world starts to shine!

Hold the door open, let someone go,
Say something nice and let kindness grow,
Share your toys, give someone a turn,
There is so much kindness we can learn!

If someone falls, help them stand,
If someone needs you, lend a hand,
You don't need a superpower to be kind,
Kindness is something we all can find!

It doesn't take a lot,
It starts with what you've got,
A caring heart, a helping hand,
Let's spread kindness through the land!

Kindness Makes the World Shine

Lyrics (2)

Kindness makes the world shine,
Shine, shine, shine!
A little kindness, yours and mine,
Can make everything feel fine!

Kindness makes the world shine,
Shine, shine, shine!
When we care for one another,
The whole world starts to shine!

I can be kind!
You can be kind!
We can make a difference
One kind act at a time!

I can help!
You can help!
We can help each other!

I can smile!
You can smile!
Let's make the world shine brighter!

Everybody say:

Kindness!
Kindness!
Kindness every day!

Kindness!
Kindness!
Let's share it on our way!

Kindness makes the world shine,
Shine, shine, shine!
A little kindness, yours and mine,
Can make everything feel fine!

Kindness makes the world shine,
Shine, shine, shine!
When we care for one another,
The whole world starts to shine!

Shine together!
Shine forever!
Kindness makes the world shine!

Hey, hey!
Be kind today!
And watch the world shine!
