Good Things Take Time

Lyrics (1)

Is it ready?

Not yet!

Is it my turn?

Not yet!

Do I have to wait?

Just a little!

Some things happen quickly...
Some things need more time!

Max ran over to the slide,
But other kids were there in line.

"I want to go!
I want my turn!"

Then Max remembered
what he'd learned.

He took a breath
and waited there,
Watched his friends
and didn't rush.

One by one,
the line moved through...

And then at last—

"WOO-HOO!"

His turn came too!

Wait a little,
take your time.

Step by step,
and you'll be fine.

I don't need
everything right now...

I can wait,
I know how!

Good things take time!
Good things take time!

I can wait,
and I'll be fine!

Take a breath,
count one, two, three...

Patience helps
the waiting feel easy!

Good Things Take Time

Lyrics (2)

Step by step,
day by day,

Some things grow
along the way!

I don't need it
right away...

Good things take time!

Lily planted one small seed,
Gave it water,
what it needs.

She looked down
the very next day...

"Where's my flower?
Why won't it grow today?"

Grandma Nell smiled:
"Give it time.
Keep it watered,
give it sunshine."

Every morning
Lily came...

Until a little green sprout
popped up one day!

"Look! Look!
It's growing!"

A little later,
up it grew...

And soon a bright
yellow flower bloomed!

Wait a little,
take your time.

Step by step,
and you'll be fine.

I don't need
everything right now...

I can wait,
I know how!

Good things take time!
Good things take time!

I can wait,
and I'll be fine!

Take a breath,
count one, two, three...

Patience helps
the waiting feel easy!

Step by step,
day by day,

Some things grow
along the way!

I don't need it
right away...

Good things take time!

Rosie had a puzzle
spread across the floor.

She tried one piece,
then tried some more.

Good Things Take Time

Lyrics (3)

"It doesn't fit!
Where can it go?"

She slowed right down
and searched each row.

Piece by piece,
she found the way...

Until the final piece
clicked into place!

And in the kitchen,
cookies smelled so sweet.

"Can we eat them now?"

"Not yet!"

So while they cooled,
the friends all waited...

Then—

"YUM!"

It was worth the wait!

Waiting for your turn?

I CAN WAIT!

Something growing?

GIVE IT TIME!

Puzzle taking longer?

STEP BY STEP!

Cookies cooling?

NOT YET!

Feeling impatient?

TAKE A BREATH!

Do I need it right now?

NO, I CAN WAIT!

And what do good things take?

TIME!

Some things take
a minute.

Some things take
a day.

Some things take
many little steps
along the way.

Waiting doesn't mean
nothing is happening.

Sometimes...

things are growing.

Sometimes...

I'm learning.

Sometimes...

my turn is getting closer!

Good things take time!
Good things take time!

I can wait,
and I'll be fine!

Good Things Take Time

Lyrics (4)

Take a breath,
count one, two, three...

Patience is
a skill for me!

Wait my turn!
Take my time!

Keep on going—
I'll be fine!

Seeds can grow!
Skills can too!

There's so much
that time can do!

Step by step!
Day by day!

I don't need it
right away!

Good things...
good things...

GOOD THINGS TAKE TIME!

Not yet?

That's okay!

I'll keep going
day by day.

Take a breath...

give it time...

Good things take time!
