Stop

Lyrics (1)

Uh-oh...
I'm getting angry!

My face feels hot,
my hands feel tight...

What can I do?

Stop...
Breathe...
Slow it down.

I can calm down!

I built a tower way up high,
I smiled and reached up to the sky.
Then someone bumped it passing by...

CRASH!

My tower fell!

I wanted to shout,
I wanted to yell,
My face got hot,
I knew it well.

"I'm angry!"
That's what I feel.

So I stopped for a moment
and stayed very still.

Stop for a moment,
breathe in slow...

One... two... three...
and let it go.

Feelings can be big,
but here's what I know:

I can choose
what I do next!

When I'm angry,
I can calm down!

Breathe in...
Breathe out...
Slow it all down!

I can stop!
I can breathe!
I can say what I need!

Being angry is okay,
I can choose what I do and say!

Stop

Lyrics (2)

Stop!
Breathe!
Think!
Then choose!

I can calm down
when I'm angry too!

I wanted the red crayon,
but Jay had it first.
I felt that angry feeling
getting worse and worse!

I almost grabbed it,
then stopped my hand.
I took a breath
and made a plan.

"Can I use it
when you're done?"

Jay smiled and said,
"Of course you can!"

I waited my turn,
then colored away.

I used my words
and solved it that way!

Stop for a moment,
breathe in slow...

One... two... three...
and let it go.

Feelings can be big,
but here's what I know:

I can choose
what I do next!

When I'm angry,
I can calm down!

Breathe in...
Breathe out...
Slow it all down!

I can stop!
I can breathe!
I can say what I need!

Being angry is okay,
I can choose what I do and say!

Stop!
Breathe!
Think!
Then choose!

I can calm down
when I'm angry too!

Face feels hot?

STOP!

Hands feel tight?

BREATHE!

Feeling angry?

NAME IT!

Need some space?

TAKE SOME TIME!

Ready to talk?

USE YOUR WORDS!

What happens next?

Stop

Lyrics (3)

I CHOOSE!

Stop!

Breathe!

Think!

Choose!

Anger isn't bad.
It's a feeling that I have.

But I choose
what my hands do.

I choose
what my words say.

I can take my time...

until I'm ready.

When I'm angry,
I can calm down!

Breathe in...
Breathe out...
Slow it all down!

I can stop!
I can breathe!
I can say what I need!

Being angry is okay,
I can choose what I do and say!

Stop!
Breathe!
Think!
Then choose!

Big feelings come,
and big feelings go.

I can give myself
some time to slow.

I feel it!
I name it!
I breathe!

And then...

I choose what I need!

Breathe in...

Breathe out...

I'm feeling calmer now.

It's okay to feel angry...

and I know what I can do.
