Try Again!

Lyrics (1)

Oops! It fell!
Oh, that's okay!
Take a breath...
I'll try another way!

One, two, three...
Let's try again!

I built a tower way up high,
Block by block, it touched the sky.
Then crash, crash, crash!
It tumbled down,
All my blocks fell on the ground.

I felt upset, I wanted to stop,
But then I looked at every block.
I took a breath and made a plan,
Picked them up and tried again!

I don't have to get it right
The very first time that I try.
Every mistake can help me learn,
So here I go — it's my turn!

Try again! Try again!
I can learn, I can grow!
Try again! Try again!
There's another way to go!

If it doesn't work this time,
That's okay — I'll be just fine!
Take a breath, make a plan,
And I can try, try, try again!

I tried to ride my bike today,
Wobble, wobble — wrong way!
My feet went down, I had to stop,
But getting better takes a lot.

I tried again, a little slow,
One more time — and off I go!
And if I need a helping hand,
I can ask — that's part of the plan!

I don't have to know it all,
It's okay to slip or fall.
Every try can help me learn,
So here I go — it's my turn!

Try again! Try again!
I can learn, I can grow!
Try again! Try again!
There's another way to go!

Try Again!

Lyrics (2)

If it doesn't work this time,
That's okay — I'll be just fine!
Take a breath, make a plan,
And I can try, try, try again!

When something's hard...
What do we do?

Take a breath!
Take a breath!

Think of a plan!
Make a plan!

Ask for help!
Yes, I can!

Try a new way!
Here I am!

Did it work?
Maybe not!

Did I learn?
Yes, a lot!

What comes next?

TRY AGAIN!

Not yet doesn't mean "I can't."
Not yet means I'm learning!

Step by step,
Day by day,
I get stronger on the way!

Try again! Try again!
I can learn, I can grow!
Try again! Try again!
There's another way to go!

If it doesn't work this time,
That's okay — I'll be just fine!
Take a breath, make a plan,
And I can try, try, try again!

Try again! Try again!
Every try can help me grow!
Try again! Try again!
There's so much more that I can know!

I don't have to be the best,
I just have to do my best!
Take a breath, make a plan,
And I can try, try, try again!

Oops! It fell!
That's okay!

I learned something new today.

Take a breath,
Make a plan...

And try again!
