I Can Solve It!

Lyrics (1)

Hmm... I've got a problem.
What can I do?

Stop...
Look...
Think...

I've got an idea!

My puzzle piece just doesn't fit,
I push and push — but wait a bit!
Maybe I should turn it round,
Look at the shapes and look around.

I stop and think, I take my time,
I try another piece this time.
Click! It fits! I found a way!
I solved a little problem today!

When something's tricky,
I don't have to know.
I can stop and look,
And take it slow.

Think of an idea,
Give it a try.
If it doesn't work...
I'll find out why!

I can solve it!
Yes, I can!
Stop and look,
And make a plan!

Think, think, think!
What can I do?
Try one way,
Then try something new!

I can solve it!
Step by step!
Think it through
And do my best!

Stop! Look! Think!
Try and see!
I'm a problem solver —
That's me!

We built a bridge with blocks today,
But every time, it fell away.
"Let's make the bottom wide and strong!"
We tried again — and we weren't wrong!

I Can Solve It!

Lyrics (2)

Then Mia's plane fell to the ground,
We looked at how its wings bent down.
We changed the folds and tried once more...
Whoosh! It flew across the floor!

When something's tricky,
We don't have to know.
We can stop and look,
And take it slow.

Think of some ideas,
Give one a try.
If it doesn't work...
We'll find out why!

I can solve it!
Yes, I can!
Stop and look,
And make a plan!

Think, think, think!
What can I do?
Try one way,
Then try something new!

I can solve it!
Step by step!
Think it through
And do my best!

Stop! Look! Think!
Try and see!
I'm a problem solver —
That's me!

I've got a problem!

STOP!

What comes next?

LOOK!

Then what?

THINK!

Got an idea?

TRY IT!

Did it work?

Let's check!

Not quite?

That's okay!

What can we do?

TRY ANOTHER WAY!

One problem...
Can have more than one way!

I can ask,
I can listen,
I can think,
I can choose.

Every problem is a chance
To learn something new!

I can solve it!
Yes, I can!
Stop and look,
And make a plan!

I Can Solve It!

Lyrics (3)

Think, think, think!
What can I do?
Try one way,
Then try something new!

I can solve it!
Step by step!
Think it through
And do my best!

Stop! Look! Think!
Try and see!
I'm a problem solver —
That's me!

Stop!
Look!
Think!
Try!
Check!

I've got an idea...
Let's see what happens!

Big problem,
Little problem,
I know what to do.

Stop, look, think,
Try something new!

I'm a problem solver...

And you can be one too!
